

Table Top Interconnect Guide

About ALTINEX

ALTINEX has been the leading, ISO 9001 certified manufacturer of modular audiovisual signal management solutions™ since 1993. We manufacture a complete line of computer video interfaces, distribution amplifiers, switchers, matrix switchers, special application products, cables and related accessories, software, and a large variety of furniture connectivity products.

Signal management solutions are used to handle the routing of computer video, broadcast video, audio, and control signals in presentation systems which can range from a small meeting room to a multi-faceted large boardroom or conference room. The current product line includes a full array of designer solutions, interfaces, distribution amplifiers, switchers, matrix switchers, converters, special application products, cables, and accessories.

Many ALTINEX customers are large system integrators who expect their vendors to adhere to the same strict quality procedures that they follow in their own operations. ALTINEX products are marketed throughout the United States by a network of manufacturers representatives, pro audiovisual dealers, and systems integrators. ALTINEX products are also offered by pro audiovisual distributors in many other countries and regions throughout the world, including Canada, Mexico, South America, Europe, Israel, South Africa, China, Japan, Korea, Malaysia, and Australia. ALTINEX distinguishes itself by offering innovative solutions that deliver high performance and reliability and are Easy to use, Easy to install, and Easy to maintain.

Notes:

Guide to Customization

1

Select your Table Top Style and Size

Pop N' Plug

Tilt N' Plug

Cable Nook

Table Buddy

Select Bezel Shape & Color

Each unit will have the available bezel shapes and colors on its respective page.

Select Face Plate or Plate Inserts

Select the sectional plate, or build a custom plate using a variety of plate inserts

Select Cables

Select from our wide variety Snap-in or D-sub cables to insert into your custom plate. See page 16 & 17 for full list of cables.

Page Layout

Table top units

Available Bezels for units on page

Available plate inserts for units on page

To start customizing your next project, visit our website www.altinex.com

Guide to Customization - Stackables

Select your Table Top Style and Size

Select Bezel Shape & Color

Select how many units you want to combine.

Select Cables

Select from our wide variety Snap-in or D-sub cables to insert into your custom plate. See page 16 & 17 for full list of cables.
